

Canton Chamber of Commerce Downtown Revitalization Grant

PURPOSE

The Canton Chamber of Commerce offers matching grants to Canton business owners to improve and enhance local facilities, and develop a renewed and revitalized downtown business area. The matching grants will provide assistance to improve the condition of the community's chamber businesses. Street and alley clean-up, colorful banners, landscaping, and lighting all improve the physical image of Canton as a quality place to shop, work, walk, invest in, and live. Design improvements result in a reinvestment of public and private dollars to the area. Frequent visible changes in the look and activities of the businesses will reinforce the perception of positive change. Small, but dramatic, improvements early in the process will remind the community that the revitalization effort is underway.
