- * to facilitate the adequate provision of transportation, water, sewers, school, parks and other public necessities.

1.04 Provisions of Ordinance Declared to be Minimum Requirements

In their interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements, adopted for the promotion of the public health, safety, and general welfare. Wherever the requirements of this Ordinance are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standards, shall govern.

1.05 Violations

Each day that the violation continues shall be considered a separate offense and subject them to additional civil penalties. The City may file legal proceedings to collect the civil penalties and/or to correct the violation.

The owner or tenant of any building, structure or premises, any architect, builder, contractor, agent or other person who commits, maintains, assists in or participates in such violation may be also assessed a civil penalty.

A Board of Adjustment is hereby established for the City of Canton, which shall consist of the members of the Planning Commission, pursuant to SDCL 11-4-13.

16.02 Powers and Duties

The Board of Adjustment shall have the following powers and duties:

- A. To hear and decide appeals where it is alleged there is error in any requirement or determination made by the Authorized Official of the City of Canton in the enforcement of this Ordinance.
- B. To hear and decide upon petitions for variances to vary the strict applications of the height, area, setback, yard, parking or density requirements as will not be contrary to the public interest. A variance shall not be allowed to vary the use regulations.

16.03 Appeal Procedure

- A. Appeals to the board may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be filed with the Authorized Official of the City of Canton and with the Board of Adjustment. The Authorized Official shall transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken. Such notice of appeal shall be presented to the Authorized Official and the Board of Adjustment within ten (10) days after the filing of the decision in the office of the Authorized Official.
- B. The Board of Adjustment shall keep a public record of all findings and decisions. All meetings shall be held at the call of the Chairman or City Manager and at such other times as necessary. 16.04 Variances

- A. The Board of Adjustment shall have the jurisdiction to hear and decide upon petitions for variances to vary the strict application of the height, area, setback, yard, parking or density requirements as will not be contrary to the public interest. For purposes of these regulations, public interest shall include the interests of the public at large within the City, not just neighboring property owners. At all times, the burden shall be on the applicant to prove the need for a variance. The following issues are to be considered, each and all of them, as determining factors in whether or not the issuance of a variance is justified:
1. An unnecessary hardship must be established by the applicant who applies for the variance. For purposes of this Chapter, an unnecessary hardship is a situation where, in the absence of a variance, an owner can make no feasible or reasonable use of the property. Convenience, loss of profit, financial limitations, or self-imposed hardship shall not be considered as grounds for approving a variance by the Board of Adjustment.
 2. Literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance.
 3. The variance requested is the minimum variance that will alleviate the hardship.
 4. Granting of the variance will comply with the general purpose and intent of this Ordinance, and will not be offensive to adjacent areas or to the public welfare.
 5. No nonconforming use or structure in the same district and no permitted or nonconforming use or structure in other districts shall be considered the sole grounds for the issuance of a variance.
 6. Exceptional and extraordinary circumstances apply to the property that do not apply to other properties in the same zone or vicinity and that result from lot size or shape, topography or other circumstances which are not of the applicant's making.
- B. In order to preserve the intent of these Zoning Regulations and to protect the public interest, the Board of Adjustment may attach conditions to a Variance. A Variance shall remain valid only as long as the property owner complies with any terms and conditions of the Variance, as attached by the Board of Adjustment.
- C. An Application for a Variance, available from the Authorized Official of the City of Canton, shall be completed by the landowner requesting the Variance. Completed

applications shall be returned to the Authorized Official for review. To be considered completed, the application shall contain the following information:

1. Legal description of the land on which such variance is requested, together with local street address;
 2. Name and address of each owner of the property;
 3. Signature of at least one of the owners of the property;
 4. Name, address, phone number and signature of the applicant;
 5. Zoning district classification under which the property is regulated at the time of such application;
 6. Description of the variance sought from the Zoning Regulations; and
 7. Be accompanied with a site plan, unless waived by the Authorized Official.
- D. The Authorized Official shall review the application, and shall make a recommendation to the Board of Adjustment to either approve or not approve said application. The Authorized Official's recommendation shall include a summary of the application, and the reasons and justification for either approval or disapproval of the application.
- E. The Authorized Official shall set the date, time and place for a public hearing to be held by the Board of Adjustment. The Authorized Official shall notify the landowner by mail, and shall post notices of the public hearing at the City Office and on the property affected by the proposed Variance no less than ten (10) days prior to the scheduled public hearing. No less than ten (10) days before the public hearing, the Authorized Official shall publish notice of the public hearing in a legal newspaper of the city.
- F. The public hearing shall be held. The applicant may appear in person, or by agent or attorney. If no one is present who can answer questions from the Board of Adjustment, the decision can be tabled to a later time or date until questions can be answered. Minutes of the public hearing shall be recorded and kept in the records of the Board of Adjustment. Written findings certifying compliance with the specific rules governing the action considered at the public hearing shall be completed by the Board. The concurring vote of two-thirds (2/3) of the members of the Board of Adjustment shall be necessary to approve any variance or arrive at any determination.

16.05 Court Review

Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to a court of record a petition duly verified, setting forth that such decision is illegal,

in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the Board's decision as provided in SDCL 11-4-25.

A corporation shall be construed to be a sole owner, and when parcels of land are in the name of more than one person, owner representation shall be in proportion to the number of signers who join in the petition in relation to the number of owners. If a protest is filed, the ordinance does not become effective unless the ordinance is approved two-thirds of the governing body of the municipality.
