#### RECREATION BOARD/CITY OF CANTON – BATTING CAGE PLACEMENT IN KENNEDY PARK

Recreation Board members were present to describe the revised project of putting up a new batting cage for the younger kids to practice in a new location, south of the ball fields on the existing cement pad. The Board members presented a plan to have the cage run length way north and south in order to avoid the sun being directly in the eyes of the kids. The cement pad is 75' by 75'. There would need to be some new concrete poured to accommodate the 80'.

Discussion ensued as to how this will affect handicapped parking spots and the need for fencing around the area.

Commissioner Pederson moved and Commissioner Iverson seconded to recommend to the City Commission to approve this plan for locating the cage south of the ballfields on existing cement with possible addition of some cement and the placement of fence around the area. All Ayes. Motion Carried.

Next meeting will be October 29, 2019.

#### ADJOURNMENT

Commissioner Iverson moved and Commissioner Gillespie seconded to adjourn. All Ayes. Motion carried.
